GET INSPIRED

Embark on the Journey of a Lifetime with Kammui+ Adventures

Every trip we offer is not just a vacation; it's an epic adventure that will ignite your passion for exploration. Picture yourself venturing into mountains, conquering challenges you've never encountered, forging connections with inspiring locals, and immersing yourself in the beauty of nature.

Our trips blend the magic of Japan's rich culture with the tranquility of its natural wonders, all while embracing a spiritual undertone. We achieve this by connecting you with experienced local guides, providing opportunities for relaxation in rejuvenating hot springs, and incorporating meditative aspects that enrich your journey.

This is your chance to step outside your comfort zone and dive into the backcountry, even if you've never dared before. Enjoy hot springs, meditation or stretching, and backcountry skiing without hassle. Leave daily choices to experts who read conditions for you – our guides tailor your experience to the day's conditions, factoring in variables like wind, snowfall, and temperature.

Leave the logistics to us, as our dedicated guides focus solely on your group's needs throughout the trip. Expect to make the most out of each day, riding everyday on our 7-day journeys, with well-deserved riding breaks during your 10-day journey.

We ensure you enjoy premium accommodations and stress-free transportation, so all you have to do is book your trip and let us take care of the rest, so you can make everyday count on the mountain.

A high-angle, wide shot of a snowboarder in a blue and black jacket carving a turn on a vast, snowy mountain slope. The snowboarder is positioned in the lower center of the frame, leaving a long, smooth trail of snow behind them. The background shows the expansive, undulating terrain of the mountain under a clear sky. The overall tone is cool and serene, with soft lighting and a monochromatic blue-white color palette.
